Discount fee for second child or second camp: \$10 for FULL DAY/FULL WEEK, \$5 for others. Call 324-1054 ext 210 for general information.

## WEEK-LONG

June 15-19

### OCEAN COMMOTION

For kids entering 2nd-4th grades

Dive into the watery world of oceans! We'll explore islands, coral reefs, underwater volcanoes, and amazing ocean creatures from the past and present. Each day is a different adventure filled with live animal encounters, hands-on activities, science projects, games and crafts.

June 22-26

### MYTHBUSTERS

For kids entering 4th-6th grades

Let's experiment to determine the truth! Campers test basic principles of chemistry and physics as they mix, build, and aim their way to a better understanding of the scientific method.

### June 29-July 3 INCREDIBLE CREATURES!

For kids entering Kindergarten and 1st grade

Young campers are invited to explore the animal world in search of the most incredible creature. Live animals, hands-on activities, games and stories keep campers busy in the quest for the most incredible creature.

\*Fee for this half-day

(9am-noon)

camp: \$75 (\$70 for Putnam members)

July 6-10

### FIND YOUR INNER STAR 2009

For kids entering 2nd-4th grades

A girl's adventure in American history! This popular camp is back, exploring the life and times of America's favorite dolls. We'll revisit Kaya, Kirsten, and Julie with new activities and old favorites. A few surprises add to the adventure! Hands-on activities, games, crafts and actual objects from the museum's collection bring history to life for a fun-filled week. All dolls are welcome!

July 13-17

### CHILD IN THE WILD

For kids entering 3rd-5th grades

Do you have what it takes to survive (and enjoy) the outdoors? In this "hands-on, ears-on, nose-on" camp, children will learn basic survival skills like marking trails, tracking animals, reading clouds, and GPS navigation. A close look at wildlife includes live animal study and a comparison of their abilities to ours. Campers acquire real skills and an increased awareness of themselves and their environment in this action-packed camp!

July 20-24

### LAND OF ENCHANTMENT

For kids entering 2nd-4th

grades

Take a journey through time to the Medieval Age.

Transform into heroic knights, fair maidens and peasants to examine the fantasy and reality of medieval Europe.

Games and hands-on projects model daily life of the past: castle construction, heraldry, pageant games, the code of chivalry, and the muck of daily life. Active investigation of this period's food, clothing, work, and play allows campers to answer the question, "What was real and what was fairy tale?"

July 27-31

### SCIENCE OF HARRY POTTER

For kids entering 3rd-5th grades

Young wizards-to-be are invited to unleash their imaginations and creativity in the world of Harry P. Investigate the science behind potions, astronomy, and magical creatures, and explore the secret passageways of our castle. The week ends with a birthday celebration in Harry's honor! Note: Secondyear campers can expect a few old favorites as well as new challenges to hone their skills.

## DONE-IN-A DAY

June 18 - Thursday

### WARNING: SCIENTIFIC CONTENT

This camp is geared for older kids who want to examine

the scientific process and procedures that are applied to labs and the popular TV show MythBusters. We will replicate some of their (safer) experiments and investigate how they investigate.

### July 1 - Wednesday SURVIVAL

You're lost in the woods . . . Would you know what to do? Thirsty? Hungry? Can you build a shelter? Can you navigate by the sun, moon and stars? Find out what you need to know through hands-on lessons, live animals, and survival scenarios and games.

July 9 - Thursday -  
5:00-11:00 pm\*

### NIGHT AT THE MUSEUM

Join us for some lights out, behind-the-scenes fun at the Putnam Museum. Stop at the SciLab to see what creatures are active at night. Check out the night sky and tour the exhibits by flashlight.

### July 29 - Wednesday SCIENCE OF HARRY POTTER

Are you Hogwart's material? Wizards and muggles are invited to enter the world of Harry Potter for a day. Check out the secret passageways of our castle and get the 411 on potions and magical creatures.

### Registration Instructions

Payment of course fee secures a place for your child. Pay by check (to Putnam Museum) or provide credit card information. You will receive a confirmation letter or email when form is received and processed.
